Community Christmas

With the holiday fast drawing near, the question is being raised as to whether the Community Christmas program of last year should be repeated. So far as appears on the surface the ayes have it with none recorded in the negative.

Last year the community wide idea was first suggested by Mrs. Esther Silkenka. With the holiday fast drawing near, the question is being raised as to whether the Community Christmas program of last year should be repeated. So far as appears on the surface the ayes have it with none recorded in the negative.

After a brief discussion, the idea was formally adopted and all who had been doing the work desired in a limited way were appointed to arrange for the public program, to make a survey of needs and to solicit gifts under the general direction of an executive committee of which Mrs. Jennie Bates Russell was chairman.

The response to the effort was prompt and generous. Interested workers were quickly found, and gifts of goods and money came in beyond all early estimates of the committee in charge. The public program was appropriate and well attended, and the distribution of gifts brought joy to many homes, and especially to many children, who without this movement might have been poorly remembered by the Spirit of Christmas.

It was perhaps a mistake that no permanent society was formed to continue this work for other Christmas times and through the year as well. However, this place was well filled by the ladies of the executive committee under the efficient leadership of Mrs. Russell. As most of this committee were members of the C. T. U., and Mrs. Russell is president of that society, the movement had fallen into experienced and capable hands without any new organization.

The call for a continuance of the Community Christmas idea is therefore to a large extent a call to the W. C. T. U. to take the initiative and provide the leadership in repeating the success of last year.

As this society is itself a community wide in its organization and appeal, and experienced in the very work which needs to be done, they are assured from the start of the cooperation of all in their effort to overlook none who need cheering and pass by none whose benevolent impulses crave expression in adding cheer or comfort to others.

A very fine entertainment is being arranged by the ladies of the Congregational Church for the last evening of the Fair following the supper on Wednesday, Dec. 6th. They have engaged Mrs. Ruth Masterson for reader, Mrs. Mary Mead Stone, soloist, Marian Haskell, violinist and Ruth Cummings pianist. Certainly a rich treat for lovers of good entertainment.

Miss Della M. Noyes will entertain the whist club at her home Thursday evening, Nov. 23 for the benefit of the Organ Fund of the Universalist church. Bradlee Willis of the U. S. S. Florida is visiting his mother, Mrs. S. I. Jackson.

George H. Buswell

George H. Buswell passed away at his home in Portland, Nov. 16th at 12:30 a. m. death being due to cerebral hemorrhage, at the age of 72 years, 2 months and 4 days. Mr. Buswell was born in Fryeburg, September 12, 1850, the son of Hector Mackenzie and Barbara Ellen Estell Buswell. He came to Norway about 1880 where he lived until May 1922 with the exception of ten years which were spent in Hudson, Mass. While here he joined the A. O. U. W.

On Nov. 22, 1882 he married Flora E. Eastman in Bethel. One daughter was born to them, Marjorie Buswell who is a registered nurse in Portland. Mr. Buswell is survived by his widow and daughter, two sisters, Mrs. Charles A. Allen of Waterville, Miss Adelaide B. Buswell and two brothers Charles E. Buswell of Norway and Wm. P. Buswell of Waltham, Mass.

Exact Statement of Conditions

Frank A. Munsey: "We produce no labor in America for the reason that there is no sympathy between the American public school and the pick and the ax. Put a boy through an American public school, want him to be the son of an immigrant laborer or the son of an old line American, the result is the same. He will have nothing to do with labor. And what is true of the American boy is true of the American girl, in respect of service. It leaves us without labor of our own and almost wholly dependent on foreign labor to do the plain simple work that only human hands can do."

Mrs. Miriam M. Woodbury

Died suddenly at her home 41 Sewell Street, Somerville, Mass., Thursday, Nov. 16th of hardening of the arteries. Almost without warning she passed away. The Monday prior to her death she was taken ill though able to be about the house.

Burial was made in the family lot at West Paris on Monday attended by the immediate relatives. Those coming by auto from Somerville were Mr. and Mrs. J. C. Taylor, Bertha Houghton and Chas. A. Woodbury, the husband.

The deceased was a daughter of Mr. and Mrs. Aaron Irish of Woodstock and had just passed her 62nd birthday. She married Chas. A. Woodbury of Norway about 35 years ago and went to Massachusetts some 34 years ago.

Mrs. A. M. Dunham and grandson, Alie Noble have been at Camp Brockton, Riley Plantation, since the first of the month. About a week ago they were joined by C. L. Barnes and wife. They report the getting of partridge and beech nuts. No deer have been taken as yet. The snow of the first of the week made good tracking but report has not come in as yet.

Legion County Organization Formed

Representatives of a large number of American Legion Posts in Oxford County met at the Norway Legion Hall Saturday afternoon to establish a county organization. Delegates were present from Dixfield, Buckfield, Rumford, Bryants Pond, Oxford and Norway.

Albert Belliveau of Rumford who was to act as chairman was unable to attend and Dr. A. Leon Silkenka of Norway was chosen temporary chairman. The way to Carl Fuller of Buckfield elected permanent secretary. Many questions were discussed relative to holding future meetings with ways and means for getting into closer touch with the State organization. Vote was carried to discuss and act on measures relative to Armistice Day at the next meeting.

Installation of officers by a state committee will take place early in January and a regular get-together will be arranged.

A beautiful supper was served the delegates and local Legion boys by Henry Stone Post Auxiliary.

Legion Supper for Boy Scouts

Twenty-six Boy Scouts and Scoutmaster Lawrence Denison from the Norway Troop licked the platter clean Wednesday evening at the supper given in their honor by Henry Stone Post American Legion. Genuine oysters, real milk and the fixings were assembled into a delicious stew by an army cook, and served at the Legion Hall. The way to the Scouts went over the top and into the bowl of stew was a caution. Every boy made good in the drive and not ashamed to report for a second helping. They certainly punished the cook in the intensive drive along the whole sector. Victory was complete with not an oyster left to furnish some newspaper with a personal story of the attack.

Scout games and contests for prizes followed under the supervision of Scoutmaster Denison. A centipede race was won by a team composed of Asa Packard, Houghton Kimball, Henry Faver, Jimmy Sanborn, William Walker and Roy Barker. Asa Packard proved the high score by winning the Indian wrestle and the lost shoe race. Several scouts demonstrated the fireman's left and performed other stunts. After this program the boys were given freedom of the room and they enjoyed the various games while listening to the radio concert.

The Legion committee that put across this good time included Orville "Brady" Palmer, Scott Palmer, Lester J. Watham, Merton "Rusty" Herrick and Walter Poindexter.

At the Stated Convocation of Oxford B. A. Chapter, on Wednesday, November 29th, the P. M. degree will be conferred. Harry Rust W. B. C. will hold their 2nd Annual Roll Call and supper, Thursday evening, Dec. 7. G. A. R. Members will attend and each member will invite their husband and friend. Mrs. Susan Wentzel, Mrs. Ida Hall, Mrs. Alozia Witham, Mrs. Miranda Emerson will have charge of the supper. The annual election of officers will take place and after a business session an entertainment will follow.

Norway Lodge No. 1614 Loyal Order of Moose will observe Ladies' night at the Grange Hall, Friday evening, December 8th. Members of the Order and their families are invited.

Mrs. Grace Dube Berry is employed in the office at the Norway Shoe Co.

Different Opinion Entertained

Howard Moulton: "Jesse wants to go to Freedom, N. H. to live. I don't I rather live here."

Scotch Highlanders

Neil Paterson, Mildred Naleen and Mary Eveline Bews, a real Scotch Company appeared in Norway Opera House, Thursday evening, Nov. 16, under the auspices of Henry Stone Post American Legion.

Program included Scotch jokes, songs, Scottish folk lore songs and a bagpipe selection. Pure native dialect puzzled the audience for a time but as they became accustomed to the peculiar accent the entertainment went along with considerable enthusiasm.

Mr. Paterson led the troop in versatility. He proved a singer, a musician and good story teller.

The third entertainment in the course will be given Dec. 13 by Duval Brothers presenting an evening of magic and mystery. This promises to be one of the most popular programs in the White Entertainment Bureau course.

C. W. Class Entertainers

The members of the C. W. Class of the Congregational Church recently entertained the young men's class at a picnic party at Evergreen Cottage. About twenty attended, going by auto. Boating and a general good time was enjoyed out of doors until dark, then all gathered around the open fire where stories were told, games played and several clever stunts were pulled off. The girls served hot cocoa, sandwiches, cake, fruit and salted nuts. A "sing" completed the evening's entertainment.

The paper will be out Wednesday as the office will be closed Thursday on account of Thanksgiving. Advertisers and correspondents please take notice.

Spirit readings and love affairs in Intelligence column of this paper. Also a farm to let and a jumper sleigh wanted. See pages 8 and 12.

At the regular meeting of Lake Temple Pythian Sisters held Tuesday evening, the ladies degree was conferred on two candidates and a buffet lunch served with Alice Hall in charge. Election of officers, work in the ladies degree and a supper are on the program for the next meeting, Dec. 5th.

Frederick M. Davis was home from Portland over Sunday.

Some fifteen members of the Commandery motored to Portland Saturday and attended the rites in the Temple. Norman U. Greenlaw was the Norway candidate in a large class to be made Knights Templars. The party returned home late that night.

Dr. E. V. Call of Lewiston lectured before a small audience Friday afternoon at the Municipal Court Room. The lecture was a part of the program for National Cancer Week observed in this state when information on the subject was brought before the public. It no doubt belongs to the butter-nut family.

A FAIR WARNING

One That Should Be Heeded By Norway
Residents

Frequently the first sign of kidney
trouble is a slight ache or pain in the
loins. Neglect of this warning makes
the way easy for more serious troubles—
dropsy, gravel, Bright's disease. "It's
well to pay attention to the first sign."
Weak kidneys generally grow weaker and
delay is often dangerous. Residents of
this locality place reliance in Doan's Kid-
ney Pills. This tested remedy has been
recommended all over the civilized
world. Read the following:

Mrs. G. D. Frost, 6 Tucker St., Norway,
says: "At the time I used Doan's Kid-
ney Pills they helped me wonderfully and
I take pleasure in recommending them.
My back gave me trouble and there
seemed to be a deep seated pain across the
center of my back. My kidneys didn't
act regularly and in other ways showed
signs of disorder. As Doan's Kidney
Pills had been used in the family with
good results, I decided to try them and
got a box. After using them, the trouble
left me entirely."

Price 60c, at all dealers. Don't simply
ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mrs. Frost
had. Foster-Milburn Co., Mfrs., Buffalo,

Hall's Catarrh Medicine
Those who are in a "run down" con-
dition will notice that Catarrh bothers
them more than when they are in
good health. This fact proves that while
Catarrh is a local disease, it is greatly
influenced by constitutional conditions.

HALL'S CATARRH MEDICINE is a
Tonic and Blood Purifier, and acts
through the blood upon the mucous sur-
faces of the body, thus reducing the in-
flammation and restoring normal condi-
tions.

Pressure Lubrication of Bearings

The center main bearings of the Buick Valve-in-Head engine are lubricated by oil under a constant pressure from a gear pump, insuring a film of oil at all times between the bearing surfaces. The pump also forces a volume of oil directly into the crank case at each connecting rod pocket making certain perfect lubrication of these bearings also.

If you made the blunder of worrying through last winter in a cold and uncomfortable house, don't do it again.

Besides there is no need of it when you can get your house equipped so easily with

BOY SCOUT NOTES

Officers for Oxford County Boy Scouts. The following list of officers were unanimously re-elected for the year of 1923. Considering the successful season of 1922 under the supervision of this board of officers, the entire group of council men were in favor of keeping every officer "on the job."

Pres. of the Council—George R. Morton, South Paris.
Vice Pres.—William J. Upson, Bethel.
Vice Pres.—P. E. McCarthy, Rumford.
Sec.—Lee M. Smith, Norway.
Treas.—H. O. Rowe, Bethel.
Commissioner E. S. A.—Arthur R. Stowell, Locke's Mills.
Executive B. S. A.—Harold C. Perham W. Paris.

This closes the first year of real Scouting in Oxford County. Scouting in the different towns is under the supervision of the local Scout Boards who stand behind the scoutmaster and direct the general activities of the troops. Representatives from these different Scout Boards form the Oxford County Council. New members may be added at the discretion of the council men at an official meeting. Local Scout Boards may increase their membership or drop off dead timber at their official meetings.

The Oxford County Council, Boy Scouts of America, is the big organization for boys in Oxford County with its goal as True Americanism designated by Good American Citizenship.

Drive For Boy Scout Funds

A wide spread appeal for funds to carry on Boy Scout work in Oxford County will be made directly. It is expected that citizens of the various towns will contribute generously to the support of this large Boys Organization working for the principles of Americanism.

Oxford County citizens should take pride in the fact their Boy Scout Council holds second place in Maine and Oxford County has put across successfully the largest Boy Scout Camp in the State.

Oxford County Boy Scouts are supported by the most influential citizens in public and social life. They are receiving the whole-hearted support of 8 different newspapers.

Oxford County has always had a reputation of "putting things across" in snappy style. Our drive of last year was necessarily strung out on account of constant addition of new towns in Scouting. This year we are all set with 16 troops and 365 registered scouts. Endeavor will be made to complete the quotas before January 1, 1923.

Radio Column

EDITED BY DICK CHASE

Stations Which May Be Heard

Before buying a set and after buying one there is always the question of "What stations should be able to receive?" It is very uncertain what station you will receive or how many there are a few places in the country where stations twenty miles away cannot be heard and stations two hundred miles away come in loud with the same power at both places. On good nights more stations can be heard than on poor ones and more can be heard in winter than in summer. The weather has more to do with the audibility of signals than any other thing except static, and various kinds of weather effect the signals various ways at different times. As a rule, a clear cold night when there is no moon is the ideal night for reception. I have noticed that the radio is more or less of a weather prophet when there has been warm weather and it is going to change to cooler, the signals will grow louder about twenty-four hours in advance of the change.

Some say that Northern Lights have a bad effect on radio, but my personal experience differs. This is based on a night three years ago in the spring when there was the greatest display of Northern Lights in recent history, that night the signals rolled in from stations never heard before and N. A. A. at Arlington, Va., was so loud on a crystal set it could be heard several feet from the receivers which had never happened before. There is being published in a weekly Radio paper a game called "Radio Golf" the scores are made up by different people and sent in to be published. The rules are that stations should be listed only once and that the distances should be given in an air line. It would be much more helpful to a receiving station to know what stations near his were doing than to know about stations in all parts of the country. To start the ball rolling and to give a list of stations that can be heard in this part of the country I will publish a list of stations heard here at Radio 1KX. We have made no effort to get a large total as most of our time is spent on telegraph work which is not counted. Undoubtedly numerous stations have been heard that we did not receive.

NORWAY AND VICINITY

Norway High School Fair

The annual fair staged by the students of Norway High School Friday afternoon and evening met with success and proved one of the best affairs given by the school.

Sales at the Grange Hall in the afternoon attracted a large patronage. Lander and white, the school colors, found a conspicuous decoration in the hall and around the booths. Fancy articles were sold by Celia Hancock, Mildred Taylor, Jeanette Noyes and Vera Smith. Clarence Deoster as chairman, assisted by Charles Everett, Alva Richardson, George Young and Fred Lewis, presided at the Agricultural booth where a variety of vegetables were sold.

Mystery packages went like hot cakes from two "cisterns" arranged on a raised platform. Livy McAllister, Annie Everett and Hazel Kimball handled this exciting game and were busy until the cisterns went dry.

Homemade candies had a good sale at a booth where Doris Merrill and several assistants presided. Josephine McAllister and Dorothy Newcomb were in charge of the apron table where business was good during the afternoon. Helen Dullea as a Gypsy maiden told fortunes in a small rustic wigwam. Her "revelations" are said to have been super marvelous and pointed.

On a small decorated table was displayed a dainty glass water set to be awarded from a display of cushions in a free estimate on the number of pins in a large cushion. Doris Bradley handled the customers at this booth. Houghton Kimball impersonated a Bohemian hand organ grinder and collected many pennies in a tin cup passed around the crowd.

The supper the dining hall at 6:30 was largely attended. Mrs. Nettie Newcomb was in charge as in the past few years and assisted by the mothers or other relatives of the seniors. Those who assisted were Mrs. Chas. A. Richardson, Mrs. Leslie McAllister, Mrs. Elton H. Brown, Mrs. William Newcomb, Mrs. Eva Kimball, Mrs. Addie Thayer, Mrs. George A. Smith, Mrs. Fred Noble, Mrs. Levi Richardson, Mrs. Frank E. Deoster, Mrs. Arthur W. Lewis, Mrs. George Hancock, Mrs. Herbert Bradbury, Mrs. Philip McAllister, Mrs. Adelbert Pennock, Mrs. A. H. Tracy, Thelma Robbins, Adelaide Young and Edith Thayer. The senior girls were in charge of the tables and the senior boys, ushered. A hundred dollars and more was cleared from the supper.

The school drama "The Man From Borneo" was presented in the evening at Norway Opera House before an enthusiastic crowd that taxed the seating capacity. True's Orchestra played before the opening curtain and between the three acts.

As the story goes Borneo B. Binns, dwelling on an island in the South Seas, sends his nephew, Fred Binns, an allowance provided the young chap, Fred, not marry. Unknown to his uncle, Fred captures in matrimony a nice little damsel, Olive, and as the play opens, occupies a cottage in the country. The honey-moon has waned and the couple hurried back to earth with financial questions disturbing the tranquility of life.

During the height of the matrimonial storm Capt. Lefton Wright appears. He was Fred's boyhood chum, and received with open arms until the Mrs. Binns through jealousy starts a flirtation. The sudden arrival of Uncle Borneo opens the program for the scholars. Mrs. Binns is to impersonate the Captain's wife to keep the uncle and source of the family income in dense ignorance. Pangs of jealousy attack the real husband in this masquerading, but he is held in check by a mortal fear of his Uncle's anger. So it goes from bad to worse until Uncle Borneo picks up an stray bit of dropped conversation, senses a mystery.

The whole story of deception is choked from Peter, a rustic servant, but Uncle Borneo after the first explosion, forgives the trio and is willing to forget.

Harold A. Anderson as "Uncle Borneo" was a perfect impersonation. His exterior sheltering a kindly heart, Borneo McKay impersonated "Fred Binns" with Hilda Russell as "Olive" his peppery little wife. Louis King made a fine "Capt. Lefton Wright" late of the Philippine Army. Eldith Joslin was "Lizette Borneo" who figured in the tangle as the captain's former sweetheart. She won him before complications had been settled before the final curtain.

Kenneth Smith carried out the role of "Peter" a country rustic, always sleepy. Roger Adams played "The Wild Missionary" a native and eater of missions. Bright home by Uncle Borneo for a valet. Peter and the wild man failed to mix and their comedy stunts were a scream.

All parts were exceptionally well taken. Although the plot was light, there was enough depth to hold attention as it developed and keep all wondering where the inconsistencies would lead. As a light comic drama well produced, it equals any given in the past by the students.

Dancing followed the play and a large crowd remained to enjoy the remaining hours before midnight. True's orchestra furnished music.

During the evening sub-master John Cusick awarded the prizes from the afternoon sale: Doris Bradlee won the guinea pig; Percy H. Nevers, Jr., the rooster and hen; Robert F. Bickford, pair rabbits; Mrs. Harry Goodwin, box of chocolates; John Cusick, a vase; Edith M. Libby, school pillow; William Walker, glass water set; Cecil Tyler, watch chain; Percy Twitchell, oil painting donated by Mrs. H. F. Andrews.

The Boston-Norway, Maine Club. The fourth meeting of the Boston-Norway Maine Club was held Saturday evening, Nov. 18 at the Y. D. Club House, No. 200 Huntington Ave., Boston. There were over one hundred present. The meeting was opened by an address of welcome by the Pres., Ambrose B. Warren after including readings by Miss Dora F. F. from the Curry School of Expression.

Refreshments were served and the remainder of the evening spent with dancing for those who wished. Others preferred to renew old acquaintance and meet the many pleasant years spent in Norway, Maine. It was agreed by all that this was the best meeting of all and everyone looks forward to another. During these 4 meetings there have been in attendance 237 different persons who are or have been residents of Norway.

BRIDGTON

Bridgton Valley
There is a small crew working on the Federal road. They are cutting the hills down to a great extent, which leaves the farmer's lawns on a high elevation. The stone crusher is stationed on Mrs. Howard Morrison's land ready for use in the spring.
Mrs. Lottie Morrison has purchased a house on Portland street and will move there soon.

DIXFIELD

Dixfield Boy Scouts
Dixfield is an advertising name in itself. Why? For the main reason that in that town they get ready to do something and then immediately go ahead and do it. Scouting as well as baseball is successful in Dixfield.

This is last Friday evenings program. Elwin Howard presided at the short business meeting and Burton Dupaul acted as scribe. Following this came a period of sports supervised by scoutmaster Roy Fowler. Catch and Pull, Cock Fight, Double Badger Pull, Jackknife Strain, and several other interesting games were played with great interest. Executive Perham took charge of First Aid Practice. The following scouts assisted in this work—Reginald Howard, Elwin Howard, Burton Dupaul and Paul Judkins.

Scoutmaster Roy Fowler is the man behind the gun and has scouting well in hand. The following citizens make up the Dixfield Scout Board: H. W. Coburn, E. L. Stetson, B. K. Murdock, Erlon Torrey, S. C. Foster, R. Brackett.

Did you ever hear of Webb River Falls? That's where the Dixfield Scouts head for when their appetite is poor and spirits high. Harlows camp is the headquarters. Five miles each way on foot is all that is required to reach it. A disused camp beside a river is always at a premium where scouting is in program.

Eighteen scouts accompanied by Scoutmaster Roy Fowler made a two-day trip to this point. A "wild time" amply describes the trip. One would suppose that a baked bean supper of gigantic proportions would bring sleep to tired eyes. Never! No sleep till morn when youth and pleasure meet. Pyramid Building, Catch and Pull, Boxing, and all kinds of athletic sports kept everyone busy until nearly midnight. Several scouts registered a great bluff at sleeping but "nothing doing"—three o'clock found the majority of the troop talking about breakfast.

The forenoon program was scouting. Reginald Howard and Burton Dupaul passed their woodchopping tests. Woodcraft instruction and improvised football came next. All too soon came Phil Bisbee's call for dinner. A general camp clean-up followed and then the start for home. Willoughby the "Speed King" led the way with a happy, tired troop of scouts trailing far in the rear?

Saturday night seventeen of the members went to Fryeburg Center and thoroughly enjoyed a delicious baked bean and pastry supper and worked the 3d and 4th degrees for that grange.

Friday afternoon a fire broke out on Carter Hill on the lot of Osgood Pike and ran over quite a tract before it was stopped as it was in hard wood growth and burned lightly. We are in hopes it did not do a great amount of damage. It probably started from the carelessness of hunters.

John Sanborn and Mr. Woodsome of West Baldwin are here deer hunting.

Wm. Berry and family were the Sunday guests of her mother, Mrs. Smith, at Brownfield.

MRS. ALEXANDER BRADLEY'S FIVE-YEAR-OLD DAUGHTER DANGEROUSLY ILL

Here is a little bit of true life put into a letter. Mrs. Alexander Bradley of Danbury, Conn., says: "After 14 long years trying different remedies I have at last found a good medicine—Dr. True's Elixir. I was nearly discouraged. I was giving the oldest girl something nearly every night, but now I keep a bottle of Dr. True's Elixir handy, and only give it occasionally. I have tried so many things, but now as soon as I see signs of worms I give Dr. True's Elixir for quick relief."

"My son, 14 years of age, was always troubled with worms when small and 'Dr. True's' was unknown to me then. I always have it on hand now, as I have another small child. They even ask for more. Now please print this letter so other anxious mothers may know the good results which follow Dr. True's Elixir for children suffering with worms and constipation, as I cannot recommend it too highly."

Symptoms to watch: Constipation, offensive breath, swollen up-

per lip, deranged stomach, occasional pains, pale face of leaden tint, eyes heavy and dull, twitching eyelids, short, dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever.

A great deal of sickness comes from irregular bowels, a vital part of the body. At the first signs of constipation give Dr. True's Elixir—for it is the right kind—pleasant to take, with no gripping or distressing after-effects.

A well-known New Yorker writes: "While visiting in historic old Plymouth (Mass.), my family became acquainted with your Dr. True's Elixir, the True Family Laxative and Worm Expeller. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

Nearly every grown-up as well as every child needs a laxative. Keep the bowels regular by using Dr. True's Elixir. 40c, 60c, \$1.20.

Animal Circus at Rex Theatre

Manager W. E. Deereau offered

Taylor's Dog, Monkey and Pony Circus

for a vaudeville feature at Rex Theatre

Monday and Tuesday evenings with a

matinee for scholars at 4 o'clock each

afternoon.

Owing to the small stage and limited

accommodations, only a fraction of the

regular acts were put on. "Beauty,"

the talking pony, answered questions by

a shaking or nodding of her head, and

counted with her feet. "Spot," the wire

walking dog, did a clever stunt without

a slip and received hearty applause.

Other dogs in the troupe whizzed, rolled

baskets, performed on revolving globes

and leaped from a ladder on a perch

near the ceiling of the theatre.

One monkey was introduced on a minia-

ture velocipede, but wasn't struck on

the machine and unwillingly made the

circular trip about the stage.

Where space will allow, the act is put

on in a ring in regulation circus style,

giving the entire company of 14 dogs,

4 monkeys, 3 ponies and Maul, the com-

ed monkey, an opportunity to show their

wits. George Taylor, the owner, was

in personal charge and assisted by Maurice

Kennedy, who claims residence in

Camden. Mrs. Taylor works the acts

when her husband is arranging business

ahead of the outfit.

Feature pictures were shown each af-

ternoon and evening with Jeanette Fran-

co at the piano. Average attend-

ance was fair, considering heavy rain

for the opening day.

Agricultural Club Notes

The juniors and seniors made an or-

cently, studying insects and fungi. This

was followed up with the class in Ag-

ricultural chemistry preparing copper sul-

phate and lime in correct proportions for

Bordeaux Mixture suitable for fungi-

cides.

under consideration by the freshmen and

sophomores at shop work. The boys may

install a circular saw and grind the

near future, doing all the work them-

selves. Both articles can be used to ad-

vantage.

Indoor athletics has not been forgotten

in the rush on farming subjects. Basket

ball will start soon with prospects

good for a fast-going line-up.

Grocery stores will keep open Wednes-

day evening before Thanksgiving Day.

Harry Isaacson returned Sunday from

a long trip with his motor stock. Stock-

ing up again he hit the trail Tuesday to

Andover and the big wood for an ex-

tended journey. Horses and sleds are

quartered at a convenient point in case

of deep snow.

Joe Dubey is replacing the choked

water pipe with new at Mrs. William

Cole's place. Joe is authorized by the

statement, the pipe was put in thirty-

all had ample justice to the good things.

Next meeting will be with Mrs. George

McDaniels, Thursday evening, Nov. 23rd.

NORWAY MUNICIPAL COURT
Wm. F. Jones, Judge

Charles Veronis of Norway pleaded
guilty, Monday, to selling cigarettes to
small boys. He was fined \$50 and costs
paid and discharged. Sheriff Harry D.
Cole was the complainant and two boys
under the legal age from Paris were
named in the writ.

Alfred Burgess and James C. Spoon,
claiming residence in the South, were
found not guilty of robbery at a hearing
Monday forenoon. The cases were the
outcome of charges brought by Merl
Swan of Grafton when, as alleged, the
respondents relieved him of \$10 in the
darkness, while he was filling an auto
radiator at a wayside spring. Deputy
B. R. Billings of Bryant's Pond arrested
Burgess and deputy Chas. L. Davis of
Bethel placed Spoon under arrest. Both
respondents pleaded not guilty when ar-
raigned Thursday morning. Bail was
set at \$500, not being able to pay they
were committed to Leavenworth and
Herman Mason, both of Bethel, testified
Monday to the location of the respond-
ents at the time of the alleged hold-up,
their testimony placed the boys many
miles from the locality.

Three Hundred Miles of Shoes

"Ed" Rafter lives in Swampscott.
He is sales manager for Carroll, Jellerson
Co., shoe manufacturers, Norway, Me. He
used to be a newspaper man. Also, he
is an accommodating person, even for a
salesman, and salesman have the repu-
tation of being the most accommodating
persons in the world. So, to accommo-
date some Lynn sole cutters, he figured
out for them the other day what becomes
of all the leather they cut.

Using his own shop, down in Norway,
Me., as a bright and shining example, he
figured that it takes 3,000 pairs of shoes
a day. The average length of these shoes
is 11 inches each, or 22 inches to the pair.
If the 3,000 pairs were put together,
heel to toe, they would stretch in a
straight line 66,000 inches. That is the
product for one day. The product inclu-
es, or 1,716,000 feet, which is long
enough to call 300 miles.

In other words, the shoes made during
the year, at the Carroll, Jellerson Co.
factory would, if placed heel to toe,
reach from Norway, Me., to Lynn and
back again—Lynn Newspaper.

Mrs. Linton Tells How Helpful
Lydia E. Pinkham's Vegetable
Compound is at This Period

Denver, Colorado.—"I have taken
Lydia E. Pinkham's Vegetable Com-
pound for over twenty years
and I cannot tell you
the good it has done
me. It is good for
young and old and I
always keep a bottle
of it in the house,
for I am at that time
of life when it calls
for Lydia E. Pink-
ham's help. My hus-
band saw your ad. in
the papers and said
"You have taken
everything you can think of, now I want
you to take Lydia E. Pinkham's Vegeta-
ble Compound!" So I let him get it,
and I soon felt better and he told me
I was you to take about six bottles. So
I did and I keep house and do all my
own work and work out by the day and
feel fine now. I tell every one about
the Vegetable Compound, for so many
of my friends thought I would not get
well."—Mrs. R. J. LINTON, 1860 West
33d Avenue, Denver, Colorado.

After reading letters like the above,
and we are constantly publishing them,
why should any woman hesitate to take
Lydia E. Pinkham's Vegetable Com-
pound if she is in need of help? It brings
relief where other medicines fail.

The Pilgrim Fathers needed little
from the outside world. Every home
was a little factory and wild game was
plentiful in the woods.

Today we have a thousand com-

Fathers never dreamed. All the great-

result of vision, industry and thrift—
for civilization depends upon industry

MAINE'S QUOTA OF HARD COAL

A. P. Lane, Fuel Director for Maine has issued a statement on the anthracite situation to date. He explains. Maine has received her full quota of anthracite during October and November and if nothing unforeseen happens will continue to receive it during the remainder of the coal year and proposes to follow it up and see that she does receive her quota. He has been in touch with all dealers in the state and urged them to see that the people in their community receive their legitimate proportion. To do this the dealers must follow up their shipments in Pennsylvania to secure their pro-rata amounts.

Director Lane has impressed on the wholesale dealers in Maine the importance of taking care of the retailers whom they sold in 1921. With one exception the wholesalers have complied with pro-rata shipments.

According to Director Lane prices all over the state for hard coal should be the same as in 1921.

TIME AND DISTANCE SCORNED

This surpassing age! Once we thrilled to the tale of "The Flying Carpet," marvelled over that of "The Seven League Boots," and then came the miracles of steam and electricity as applied to transportation on land and sea. During the last 50 years, particularly, we have witnessed the unfolding of secret after secret affecting our physical lives, developments which revolutionized habits, customs, age-old beliefs, and which steadily changed our conceptions of life and the universe in which we move and have our being.

The assistant secretary of the navy the other day, scorning the creeping pace of a modern express train, flew from one city to another in a modern plane at the rate of 127 miles an hour to keep an appointment to address a number of his fellow citizens. Business men are doing something like that every day. That the practice will become commonplace goes without saying.

Something of the possibilities of aircraft development and use may be realized from a consideration of the results of the recent flying tests at Detroit where Lieutenant Maughan, of the army, piloted a new government plane at the rate of 220 miles an hour. That is a terrific speed for physical mechanism and mortal courage to endure. It means the banishment of continental distances, the mock-ocean barriers. It suggests wonderful dreams for peace, frightful forebodings for war.

And what of tomorrow? We have seen and marveled over the triumphs of man in this day; what shall the vision of our children hold in the coming days? If we are but pioneers in the shores of knowledge and achievement, may not tomorrow again usher in the days of the demigods?

BUILDER AND DESTROYER

Bickering, fault finding and backbiting will retard the growth of any town. There can be no real prosperity where these are uppermost in the minds of a considerable portion of the population. Consideration and energetic cooperation will materially advance the interests of any community.

Natural advantages have much to do with future success but natural advantages alone will not suffice. Co-operation is an essential element, but it never marches side by side with bickering and fault-finding. The latter are destroyers—not builders.

Possibly we are not overburdened by destroying element in this community, but such as we have is entirely too much.

Community advancement means personal security to the individual, and this is best achieved through energetic and persistent co-operation.

JUST BEANS!

Saturday night! Baked beans is right! I've got a darn fine appetite. For a man like me, with mod'ric means. So Saturday night you bet—it's beans. Beans for breakfast, it takes a lot. We bake 'em in a ten quart pot. For we all love 'em; big and little. Sometimes we use the old arch kettle. What's left over, we have on Sunday. And warm 'em up three times on Monday. Tuesday we just eat 'em cold. Wednesday, gettin' sort o' old. So then we make 'em into soup. Next day the kids begin to whoop. Yes, whoop at their ma with might and main. To put some beans to soak again. —G. B. M., Fryeburg.

THE LACK OF SKILLED LABOR

Many business men complain that in their localities there is a lack of skilled help, though good and often wages are paid.

Perhaps, one reason why the type of men who used to go in for trades like carpentering, plumbing, etc., may be scarce is, that such a tremendous lot of them go into automobile work. All over the country men are taking courses preparing them for automobile repairing. All along the roads you see them starting up their garages, running battery stations and tire shops. The development of the automobile as a tremendous factor in modern life takes a vast army of mechanics, who formerly used to busy themselves on the basic necessities of life.

Probably too many men are getting book education and some of them who are studying to be business administrators, would better learn some form of manual skill.
